Does START support author rebuttal to reviews?

Problem (public)

Solution (public)

Yes it does. You can define a rebuttal period, during which the authors can read the anonymous reviews (or the parts of the reviews you want to show them). And they can enter a rebuttal, which will then be available to anyone on the committee who has access to the reviews for that paper. The guidelines and instructions to authors can be customized by you. It's what you would expect....
